RESCUE DIVER/ FIRST RESPONDER

**FIRST AID, CPR, O2 ADMIN, AED, BLOOD-BORNE PATHOGEN
& RESCUE TRAINING IN JUST 4 WEEKS!**

The course schedule is two nights a week
(Monday/Wednesday or Tuesday/Thursday)
from 6:00pm – 9:30pm.

FIRST RESPONDER

This is a course to enable non-professionals to effectively respond to an accident or medical emergency in the diving or community environment.

RESCUE DIVER

The Scuba Rescue Diver Course (SRD) is designed to equip certified divers with additional self-rescue skills and to enable them to effectively intervene if their dive buddy experiences specific common diving problems. SRD graduates can perform assists and rescues in open water situations and environmental conditions similar to those in which they train.

You will need to purchase your classroom materials (2 sets of books that run \$69.90 separately) for \$59.95 with tuition payment and you will need to provide your own snorkeling and scuba gear, bathing suit and towel

Upon successful completion of the course you will receive certification from the National Association of Underwater Instructors (NAUI), one of the top agencies in the world

Course tuition is \$350. A \$100 deposit will hold your spot and the balance is due the first night of class. Open water dive fees are included. Our course is not the shortest or the cheapest...just the best, most comprehensive SCUBA training in the area.
