

RANGE RENOVATION

From Monday, August 9th to Friday, September 3rd

Bill Jackson's range will be closed for a major renovation.

The entire backstop and the target retrieval system are to be totally replaced with a state of the art system.

ADVANTAGES TO YOU AND TO US:

- 1. Less chance of lead ricochet.**
- 2. No monthly down time to "mine" lead, as all lead will be trapped behind the backstop and automatically fed into a collection barrel.**
- 3. Less dust from unburned powder and from lead spattering, as most will be collected by a dust collector and separated into buckets for cleaner removal.**
- 4. Easy to use "Touch -n- Go Target Retrieval System that will allow the targets to be at a more uniform height.**

As the range will be closed for just under a month for this renovation, anyone with an unexpired range membership will NOT lose range time. If you have a 3 month, 6 month, or 12 month membership that expires after 9/3/10, you will receive a month's extension on your membership. If your membership expires 8/09/10 – 9/3/10, you will receive whatever number of days you would miss for the range being closed. We know that you will be happy with the renovations.
